---------------------	---------

Mouse:

The Track-man portable mouse attaches to either edge of the keyboard via a clamping device or can sit on the desktop. The mouse does not 'move' around like a conventional mouse, you need to use your thumb or fingers to rotate the ball. There is a LOGIMOUSE icon in Windows that allows you to assign functions to the buttons.

Options:

- o Numeric Keypad

Numeric keypads which generate Keyboard scan codes with a 9-Pin DIN interface

- o Auto Adapter

Compatible with L40SX Auto Adapter P/N 79F1012

Preloaded Software:

- o IBM DOS 5.0

- o Windows 3.1

- o PS/Note Software

- o WinFAX LITE

Physical Specifications:

Note: All measurements are approximate.
